WORK EXPERIENCE

May 2019 - Present (FREELANCE)

Head of Digital Marketing, PRShots.com, London

- Building and implementation of a digital marketing strategy as well as managing marketing budgets for digital marketing channels. With changes made to the monthly newsletters to over 30k press members including Vogue, Harperz Bazaar ect I was able to increase the open rates from 6 to 16%.
- Overseeing and growing all social media accounts (Instagram, Twitter, Facebook and Pinterest) from zero to over 30,000 followers organically. This resulted in a consistent increase of press and blogger sign ups to the site.
- Leading design team of graphic designers and web developers in rebranding and design of the website.
- Involvement with the other side of the business which includes design and maintenance of digital press area for such clients as British Airways, Heathrow and Marriot Hotels ect.

January 2019 - May 2019

Marketing and PPC Specialist, Europe Emirates Group, Dubai

- Creation and maintenance of Google PPC and Facebook ad campaigns that target high net worth individuals with an average of 150 leads a day.
- Maintenance of all social media channels.
- Website updates (Wordpress) with design changes, blog posts, new services and landing pages.

May 2015 - March 2016

Head of Digital, KS Agency LTD, London

- In charge of corporate digital accounts such as RAF Museum, ANV Global and Cooper Gay. Managing a team of 5 developers to carry out corporate projects through to completion.
- Securing a number of corporate projects for the company resulting in £300,000 revenue within 3 months.
- Digital design tasks on Photoshop and InDesign. These included website, brochure and app designs for clients.
- Financial planning of projects with the use of Excel spreadsheets. Production of cost breakdown and invoices for clients.
- Planning and pitching smart solutions to clients in meetings and presentations.

August 2015 - December 2015 (FREELANCE)

Digital Marketing Manager, 8DIX

- Managing a team of 5 staff members including designers, PRs and developers.
- Improving SEO ranking for their e-commerce site, resulting in a 50% rise in sales in under 3 weeks.
- Creation of digital marketing material such as banner ads and

WORK EXPERIENCE

content for their social media channels which created brand awareness and attracted a vast number of the target audience.

- A/B testing of the e-commerce site, this helped to form a solid customer journey which lead to increased online sales.

May 2014 – Aug 2015 (FREELANCE)

Social Media Manager, Patch Bar, London

- Launched a digital presence for the bar by creating social platforms such as Twitter, Facebook and Instagram. Maintenance of these platforms including call to action based content creation, this attracted customers from the local areas.
- Running Facebook Ad campaigns and analysing results for better conversion rates to the site.

December 2013 – May 2014 (FREELANCE)

Website Assistant, 55 Max, London

- Maintenance of the e-commerce platform, such as banner and product updates to encourage new and repeat customer sales.
- Digital design tasks on Photoshop such editing and resizing of product images for a better customer experience.

April 2013 - November 2013

Design & Marketing, The Rodnik Ltd Band, London

- In charge of digital marketing and SEO.
- Re-structured and launched their present e-commerce site.
- Grew their Instagram following from 9,000 to 15,000 users organically in a few months.

Dec 2010 – October 2013

In-House Designer, Nosh Detox Ltd, London

- Heavy involvement with all creative aspects of the business including advertising, PR, web development, design, video and audio editing.
- Creation and maintenance of social media channels. Growing their Facebook from zero to 14k followers organically in a year.
- SEO optimization and optimization of Google Ads that brought the company a profit of minimum £20K a month from my efforts alone.
- Manage the look and feel of the packaging designs across the entire range of 100 or more products.
